

Landing Zone Operations

Date: Wednesday, February 17th, 2010

Time: 7:00PM - 9:00PM

Location: NBCEMS Station

105 Bill Watson Drive, Johnson City, TX

This class will provide an introduction on the structure and current mission of Travis County STARFlight followed by a lecture on Operations at Landing Zones. Emphasis will be placed on selecting and setting up landing zone sites, safety at the landing zone, communicating with the helicopter and preparing the patient for transport by helicopter. A helicopter will be present for live demonstration if enough participants register.

This course is being taught by Travis County STARFlight and is being hosted by North Blanco County EMS.

Please send number of participants to the contact listed below.
